### DR. TAUBMAN ILL

Dr. George P. Taubman, of Long Beach, who addressed the Chamber of Commerce meeting in the Torrance Theatre, has been very ill from a nervous collapse. He is reported better and recovery will be slow but it is sure as he is gaining strength day by day and his conditions is improving generally.

### NEW RESIDENCE

Dr. N. A. Leake is having an eleven room house built on Marcelina street, near the Evangelical parsonage. The house will be a story and one-half and will have eight rooms and a screen porch on the first floor and three rooms and a bath on the second floor. Contractor C. L. Hatfield has charge of construction and a force of men are busily engaged on the work.

### VISITOR FROM THE EAST

F. L. Clark of Andree avenue is enjoying a visit from his brother, E. D. Clark, who arrived from the east a few days ago. Mr. Clark, who is a real estate dealer, helped build Flint, Michigan, and to put Edmonton, Alberta, on the map. He is looking over the territory seeking a location.

### A "LITCH" GATE

Out on Carson avenue the passer-by will note a "litch" gate over the entrance to the enclosure or gateway leading to the home of Mr. W. T. Klusman which form of covered gateway is often seen in Europe as entrance ways to castle grounds and to monasteries. And the ancestral estate of Mr. Klusman holds the ruins of a monastery and the name "Klusman" is a Teutonized spelling of the Latin "Cloister-man;" that is, the ancestors of Mr. Klusman, away back in the earlier ages were sent from Rome, as missionaries, or cloister men to the far north where they ministered to the people who were later called Germans. But this large estate, of the Cloister-men, or Klusman family, was despoiled or sequestered by the invading Prussians, when that people engulfed the people of Germany and seized the property of large landed estates, including the Klusman holdings.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

## A Big Enterprise: One of Our Own

One of the important industries of Torrance is the manufacture of the Never-Miss Ford timer which has steadily been turned out by the thousands directly from the factory on Cabrillo avenue. The timer mentioned is the product of the inventive genius of Mr. J. Roy Winters and the market has already extended with representatives in ten states exclusive of California, besides hundreds of sales have been made in every state in the Union. The capacity of the factory at present is 300 timers per day and the resumption of normal business conditions in the eastern country will necessitate the enlargement of the equipment and of production.

The timer, upon examination, possesses marked advantages in that the rotating follower which makes the contact, runs evenly, and therefore makes an identical and smooth contact for each cylinder, and gives absolute assurance of even firing at all times, hence the name of Never-Miss which is itself thoroughly descriptive.

There are several other inventions whose manufacture is in contemplation and of goods that likewise could go on the world market. And, by the way, the Herald has often said that the campaign for other factories does not necessarily imply that only those are wanted that make a specialty of locomotives and Panama canal steam shovels. The manufacture of many small articles might employ many more men, and be as profitable as the making of machines weighing a score of tons. The thing is, to manufacture goods that will meet a world market, whether it be jewelry or Ford timers.

Spend your money at home and build a city.

## ALL OKLAHOMANS CALLED TO JOLLY PICNIC

All who ever lived in Oklahoma are invited to meet for the great annual picnic reunion, All day Saturday March 4th, in Sycamore Grove Park Los Angeles. Come just as early as you can and spend the day with friends.

## THE GOOD OLD TIMES

The good old times were the times when our parents were boys and girls. It was what might be considered a second golden age.

Children were very well behaved. They would not think of sassing mother or father, and if teacher accused them of some misbehavior they would humbly beg forgiveness.

In those days flirting was uncommon. The girl who flirted was not looked upon by other boys and girls with favor.

In those days when chaperones were really not needed there were two or three for each couple. A party never lasted later than ten o'clock, and the boys and girls were seen to their doorsteps by these wisely chosen chaperones.

Crime was very scarce. Once in a while you would hear of a vicious burglar stealing a loaf of bread or a bunch of turnips, but this was very seldom. People could leave their doors wide open and hang their jewelry in the open windows to air, at night, without being afraid of having it stolen.

The girls did not get married till they were about twenty-nine or thirty. Divorce was practically unheard of, and husbands and wives got along like cooing doves. But alas! from the modern newspapers we fear the good old times must have expired with our parent's youth.
